Yes, sometime in early January would work. With the exception of December 26, I will be around. We just want to make sure that enough people from your group have the opportunity to attend and ask questions.

Jonathan Levy,

Let me check with a couple of businesses. Maybe we can find a date in early January. Will you be back in town?

Joanne,

My boss is concerned that meeting so close to the holidays will prevent many of your business owners from attending the meeting. Do you think there could be a better day to meet?

Hi Jack,
This is Joanne Kumamoto. I am not sure the business owners understand the purpose of the program...to eliminate trash from the land fills. If you can let them know about recycling and the restaurants about separating their trash. I'm not clear on how all this is suppose to work. I have not heard that any of the businesses have had an audit conducted on site. Is there an additional charge for separating trash? Some businesses have cardboard. What resources are there for the businesses?

Hi Jack,

I hope all has been well. If you didn't already know Joanne and Ellen, they are with the Little Tokyo Business Association and the Little Tokyo BID. They have concerns and questions regarding the new waste-hauling program.

Many of our business owners in Little Tokyo, speak and read Japanese only. It would be extremely helpful to get some material in Japanese, explaining the new process of this program for business owners to have and be educated on.

Joanne and Ellen, please chime in with any other concerns you may have.

Thank you,
Megan
